CPA EXAMINATION

NOVEMBER

1964

The Los Angeles Office continued to set new highs for the number of successful candidates completing the examination for a single office. Their new record is 20, compared to their old one of 17, set in the May 1964 exam. The total for the Firm was 101. □ For the second examination in a row two men from the same office were among 16 candidates to receive Honorable Mention in the competition for the Elijah Watt Sells Award of the American Institute of CPAs. In the May 1964 exam it was Pittsburgh. This time two Houston men have won the honor: Rick C. Reed and William O. Strange. Rick and Bill are 1964 graduates of Rice and Oklahoma Universities, respectively. The Minnesota CPA Society's Harold C. Utley Award for highest grades in the state was won by Richard A. Snyder of our Minneapolis office. Dick graduated from the University of Minnesota in 1964. □ Thirty H&S offices had one or more candidates complete the examination successfully.
